Dear Ed.:

Thanks very much for giving me the names of the members for your National Coin Week committee; the enclosed are copies of the appointment forms.

If possible, please add Clark Yowell's name to the list of the committee members for this committee as mentioned in my January article, "from the President's desk".

Your suggestion for a medal to be struck by the National Commemorative Society for Dr. George Heath is a good one; I too will mention this to Joe Segal when I see him.

Perhaps a small flyer could be prepared indicating the price of this 75th Anniversary and Founder's medal for distribution to Club and District Representatives as well as for use in our general mailing; our headquarters' address should be shown also on this flyer.

Cordially,

cc-H. Bergen

Arthur Sipe
